**"Providing you with an Honest auto service experience is our mission"**

**All it takes is - ONE CALL "**

It takes a tremendous team effort with a strong commitment to customer satisfaction to make a winning team. Our commitment to excellence and exceeding our customers' expectations has resulted in a very loyal base of customers who continue to support our business by not only bringing their cars to us, but many who refer and even bring in their friends and relatives. We even have some families that we are serving 2 generations deep. Here at the One Call Auto Mechanic Service Center we provide the following automotive repairs and transmission services along with our "Honest" auto service pledge. We look forward to the opportunity to serve your automotive needs.

## **The One Call Auto Mechanic Check 11 Diagnostic Service**

There is an old saying in the automotive business, "The most expensive mechanical repair is the one that you didn't need." Let's face it, spending any amount of money on something you didn't need is too much money! The OneCall Auto Mechanic Diagnostics are free of charge. The purpose of the Check 11 is to determine if your vehicle has an engine/transmission problem and if it does whether it is a minor problem or a major problem. For purposes of our discussion, a minor problem can be repaired. There is nothing worse than spending good money to fix the wrong problem or even worse paying for a repair that you didn't need.

## **The Check 11 includes the following:**

The vehicle is road tested.

The Transmission Fluid level and condition is checked

Engine performance is observed and considered

The vehicle is put on a lift and checked for the following all of which can contribute of transmission problems:

Leaks                      External Adjustments                      Linkage condition and adjustments

Control cables condition and adjustments                      Engine and Transmission mounts condition

Axles and U-Joints condition Exhaust condition                      Drive Belts                      Hoses and Connections
